THREE CENTS

NATIONAL MINERS' STRIKE NOVEMBER 1 IS THREATENED STEEL WORKERS ASK REMOVAL OF PENNA STATE POLICE

RIOTING IS SPORADIC WITH LABOR CLAIMING INCREASING ADVANTAGE

Secretary Foster Declares The Carnegie Mills, The Corporation's Stronghold, are Coming Down Slowly but Surely—Operators Claim Men are Coming Back.

Strike leaders, meeting in Pittsburgh today were to take action seeking removal of state constabulary from the steel centers. They take the attitude that the troopers have exceeded their authority.

Shortly before this meeting began, strikers and state constabulary clashed in Buffalo, N. Y., the first disorder reported today. During the night one man was killed and several injured in strike disturbances at Buffalo. Rioting also continued in Farrell, Pa., last night, one man being killed and six wounded. This brought the total casualties in that city to three killed and scores injured. Eight men were beaten by strike sympathizers in Indiana Harbor, Indiana, last night. Additional state constabulary, ordered out by Governor Smith, were enroute to the Buffalo Lackawanna district today, following an application from the mayor.

The strike situation in the Pittsburgh district appeared to be unchanged today, with both sides claiming gains. In the Gary and Chicago district.

John Fitzpatrick, strikers' representative, will be the first witness in the senate labor committee's strike investigation in Washington tomorrow.

Judge E. H. Gary, head of the United States Steel Corporation, who was scheduled for the first witness notified the committee he could not come to Washington for a week.

REV. HOPPER IS TO LEAVE CITY; WILSON COMING

Rev. Leroy Hopper for three years pastor of the Park Avenue United Brethren church has been appointed to the United Brethren charge in Strasburg.

The Rev. Hopper's transfer from the pastorate comes as a great surprise to the members of the church here as his return was considered certain, previous to the conference. The church as a body favored his return and the layman delegate, Charles Cooper, was instructed to request it.

Rev. A. B. Wilson, pastor of the Trinity U. B. church in Cleveland has been assigned to Coshocton.

Rev. Hopper came to Coshocton in the fall of 1916 from Portsmouth to take charge of the local church. During the past three years he has become known as an earnest, sincere worker as well as an energetic and capable leader. Under his influence the local church has grown steadily in membership and it is with deep regret that they see his work cut short by removal.

The Rev. Wilson, of Cleveland, who has been assigned here, is known as a very able minister, having occupied the pulpit of one of the largest churches in that city.

CHILDS FINGERS CAUGHT IN MIXER

John, the seven year old son of Mr. and Mrs. Daniel Harris, 1318 Oak-av., had the fingers of his left hand badly mashed when he caught them in a concrete mixer Wednesday night.

The lad together with several companions was playing with the machinery at the time. The hand was badly mashed but no bones were broken.

Dr. Jesse McClain dressed the injury.

October 9 A Holiday?

COLUMBUS, Sept. 24.—By proclamation Governor Cox has named Thursday, October 9 as "Are prevented day" throughout Ohio.

NAMED TO REPRESENT PUBLIC AT "ROUND TABLE" SESSION

Some of the twenty-two men who will represent the public at White House round table session. Above, left to right: E. T. Meredith, Thomas L. Chadbourne, John D. Rockefeller, Jr. (full length figure), Calvin McNab and A. A. Landon. Center row: Edwin F. Gay and O. E. Bradfute. Bottom row: Bernard M. Baruch, Charles Edward Russell, L. D. Sweet, Elbert H. Gary. Bottom picture is of Dr. Charles W. Elliot.

The list of men chosen by President Wilson to compose the round table which will meet in the White House October 6 to discuss a "new

order" between capital and labor, includes three groups, of twenty-two men each. One of these groups will represent the public, one organized labor and the other organizations of employers. The twenty-two men chosen to represent the general public are called from many different walks of life and many parts of the nation. The list includes four financiers, three attorneys, six manufacturers, two farmers, two merchants, three writers and two educators.

PLANTS OF 80 PER CENT ARE SHUT DOWN BY OHIO STRIKES

PITTSBURGH, Pa., Sept. 24.—Action toward endeavoring to bring about the removal of state constabulary from the strike zone was scheduled to be taken today by the committee of 24 union heads and organizers directing the big steel strike.

The committee met in extraordinary session here at 11 a. m. John Fitzpatrick, chairman was scheduled to arrive from Chicago during the morning. Charges that state police are abridging right of "free speech," clubbing and riding down strikers without cause and inciting trouble, will be presented to the committee. It is possible that the attention of all organized labor will be called to the situation as a means toward gaining public sympathy. Should another letter to President Wilson be drafted, it is certain charges against the police will be dealt with.

The situation in the Pittsburgh district was generally unchanged today as the committee met. Mills in the Monongahela valley where the fight is centered today continued to operate. The eleven mills of the steel corporation and Secretary Foster were still far apart. Considering the close police protection in the valley towns, which prevented the operation of organizers, Foster said he thought satisfactory progress had been made.

Due to the concentration of the Carnegie Mills in the valley, he said they were coming down slowly, but added, "you can bet they're coming down."

Early reports from the various valley towns today were that as many men were going to work as yesterday without disorder. Duquesne is operating 100 per cent and Clairton, Rankin and Braddock reported an increase in the number of men returning.

Foster is now working on a plan of getting railroad workers to refuse to haul trains in and out of the steel mills. He declares the railroad men are deeply stirred over the treatment the strikers are receiving at the hands of the police and has instructed organizers to circulate among the railroads and sound them out. Foster charges that men are being arrested for merely being on the streets and fined \$50.

An organizer called up from Brackbridge, with word that one of their men had been arrested and when he apparently asked about bail, Foster told him to "dig up your liberty bonds and make 'em buy a little liberty."

John Fitzpatrick is expected to leave for Washington tonight to appear before the senate committee. He will doubtless point to the rioting of the past two days as having been caused by the presence of the state and special police.

CIGARET SALES DOUBLE IN YEAR

Cigaret smokers are on the increase.

That's what local dealers say. They are selling nearly double the amount now that they sold this time last year.

The increase is credited partially to the returned soldiers, many of whom cling to the cigarette habit which they formed in the army.

Another reason advanced for the increase is the scarcity of good cigars at a low price.

REFUSES WILSON'S REQUEST TO SERVE ON ROUND TABLE

Brig.-Gen. Charles G. Dawes.

Brig.-Gen. Charles G. Dawes, one of the twenty-two men named by President Wilson to represent the public in the industrial round table session at the White House Oct. 6, advised the president that it will be impossible for him to serve. Dawes was the army's chief purchasing agent in France and only recently returned from overseas. He is president of the Central Trust Co. of Chicago.

BREAKS ARM IN CRANKING

Myron, 15, the son of Mr. and Mrs. John Karr, Canal Lewisville, had his right arm fractured Tuesday evening while cranking an automobile. The boy was brought to this city to the office of Dr. Jesse McClain, where medical attention was given.

WILSON OFFERS TREATY AS THE CURE FOR ILLS INDUSTRY HAS

ABOARD THE PRESIDENT'S SPECIAL TRAIN ENROUTE TO CHEYENNE, WYO., Sept. 24.—Ratification of the peace treaty with its labor provisions will enable men to forget labor difficulties and begin working toward industrial democracy which will prevent labor clashes like the present steel strike, President Wilson believes today.

This can be given as his attitude toward the steel strike in particular, and toward labor difficulties in general, with regard to preserving an attitude of absolute silence. Although there was no hint from official circles it may be stated that Wilson, having once already attempted to avoid the strike, is disposed to wait until both sides are ready to ask his aid. Then it is probable he will propose an armistice until the industrial conference meets in Washington October 6.

Wilson is firm in the belief that the "cooling off" process provided in the league of nations for international differences with good result can be applied also to industrial disputes, and that if the representatives of both sides will get together and talk it over, a settlement will result.

Should labor ask his intervention in the steel strike, Wilson's probable recourse would be to intimate to the employers that he is ready to act. There is a feeling that the president did not like the manner in which last offer was spurned.

STRIKE NOT SETTLED WED.

The strike of the yard men at the Coshocton Glass Company continued in force Wednesday.

The plant was declared to be in full operation by an official of the company despite the strike.

As far as could be learned Wednesday the strikers had not approached the company with reference to returning to work and no steps had been taken by the company or strikers towards an adjustment.

FAILURE TO AGREE ON NEW WAGE SCALE WILL ADD CHAOS IN NATION

Flat Increase of 60 Per Cent in Wages, Six Hour Day and Five Day Week is Demand of United Mine Workers of America—Want Nationalization of Railroads.

CLEVELAND, O., Sept. 24.—The United Mine Workers of America convention delegates were scattering to all parts of the country today determined to call a nation wide coal strike on November first, unless a satisfactory wage and working agreement is reached with the coal operators on or before that date.

The convention adjourned late yesterday after endorsing the wage and hour scale and clothing their offices with the power to call the strike.

A flat increase of 60 percent in wages for all classes of workers, a six hour day and a five day week will be demanded at the conference of miners and operators in Buffalo tomorrow.

International officers were bound by the action of the convention to negotiate but not to sign any wage or working agreement. If the officers declare themselves satisfied with the agreement offered by the operators, they must reconvene the convention in Indianapolis for ratification of the new scale. The scale endorsed by the convention also calls for the dissolution of all automatic penalty clauses.

Hold-Up Artist Gets A Ten Dollar Bill From Dr. O.G. Morse

"I want ten dollars; no more; no less."

These were the words which greeted Dr. Ous G. Morse optometrist, when he went to the front door Tuesday night about 12:00 o'clock in response to a knock. Dr. Morse was confronted by a revolver held by a young man, perhaps 20 or 25 years of age, with a handkerchief covering the lower part of his face.

Pulling out his pocketbook, Dr. Morse peeled off a \$10 bill from his roll and handed it to the gunman, who asked for the number of the house. The doctor went back into the house to get one of his cards and the bandit followed him in telling him to be quick about it if he expected to get his money back. After accepting the card, the stranger vanished. He has dark hair and eyes, judging from his actions, he had pressing need for the money and took this forcible method of forcing a loan. The fact that he did not attempt to get the rest of the roll gives some assurance that he may have obtained the doctor's address for the purpose of repaying the money. The police have been notified but there is little or no clue to the identity of the holdup man.

Dr. Morse resides just west of the county jail in the Tyler property, which he purchased some time ago.

HIMEBAUGH BUYS M'COY INTERESTS

Sale of the McCoy stock in the Coshocton Glass Company has been made to W. A. Himebaugh, south Seneca-tp.

The plant will continue to operate under the same management and name as before, with the probability however of including William Himebaugh, the son of Mr. Himebaugh and David Markley, Jr., on the business end. Mr. R. S. Curtis, at present the auditor of the company, also becomes interested in its operation as a stockholder.

Mr. Himebaugh was interested in the glove company on a large scale prior to the death of Clifford McCoy. A portion of the McCoy stock purchased by Mr. Himebaugh has been sold to Melvin McKinley, secretary of the company.

ALL SEEMED SATISFIED

Little or no debate greeted the presentation of the report by the scale committee. Several of the clauses were discussed, but no opposition developed. Delegates to meet the operators, represent the central competitive list, comprising western Penna., Ohio, Indiana and Illinois.

The agreement negotiated for the central competitive district shall apply to all other bituminous districts the convention specified. Anthracite miners are provided for in the resolution, which promises support of the whole organization for the demands framed by the tri-state convention.

Following settlement of the big issues, minor points in the controversy between miners and operators are to be settled by conferences in the home districts. One of the important provisions calls for all contracts to hold for the same two year period and shall terminate on the same day, November 4th.

While nationalization of railroads was not written into the scale the convention voted to have their representatives reflect the demands of the miners on that point at the conference.

UP TO THE OPERATORS

Acting president John L. Lewis, said "our work is done for the present. It is now up to the operators."

The Ohio delegates to attend the conference are John Moore, Columbus, president of the Ohio district, George W. Savage, Columbus, president treasurer of the Ohio district, William Robinson Jacksonville, Lee Hall, Columbus, George Cecil, Wellston, Thomas J. Price, Midvale, W. C. Thompson, Cambridge, Wm. Roy, Bridgeport and John Faxon, Zanesville.

THE SCALE RECOMMENDATIONS Following are the recommendations of the scale committee.

1 We recommend that this report be accepted as a substitute for all wage scale resolutions that have been presented to the convention.

2—We recommend that this convention demand a 60 per cent increase to be applicable to all classifications of day labor and to all tonnage, yardage and dead work rates throughout the central competitive field.

3 We recommend that this convention demand that all wage agreements that are negotiated to replace existing agreements shall be based on a six hour work day from bank to bank, five days a week.

4—That all day labor shall be paid time and a half for overtime and double time for all work done on Sundays and legal holidays.

5—That all agreements entered into after the date of this convention shall be subject to the action of the convention.

THE STEEL STRIKE ISSUE.

The steel strike hinges primarily on the recognition of the steel workers' union. In the opinion of The St. Louis Post-Dispatch, Judge Gary's refusal to confer with representatives of the steel workers is "based upon a policy so far behind the times that it may be classed as medievalism."

Why the steel magnates should demand the right to organize their forces to the limit and deny to their men the same right, none or them has stopped to explain. It is easily conceivable that under normal and happier conditions than prevail now there would be no need of organizations of workmen. But these same happy conditions would also render unnecessary organizations of employers.

Judge Gary's idea belongs to that period, in the opinion of The Post-Dispatch, "when industrial barons ruled the factories with iron hand and dealt only with individual workers as commodities in the labor market who had no right to a voice as to wages and working conditions."

"Only a few years have passed," says The Post-Dispatch, "since the exposure of conditions in the steel factories under this despotic policy shocked the American people. That Judge Gary is able to claim that conditions are better is due to the influence of the progress made by labor in asserting the right of labor to a voice in determining wages and conditions and the general recognition of this right by the public and by employers."

"The right of collective bargaining by union representatives of their own choice, which is denied his employees by Judge Gary, is sound. It is generally recognized by the public and by enlightened employers as equitable and as a factor of social and industrial order and progress. It is recognized by the Government of the United States as the right of labor."

Judge Gary's refusal to confer with union representatives of any part of his employees and to concede to them the right of collective bargaining is wholly unjustifiable. In this case the charge of despotism lies at his door, not at that of the labor union.

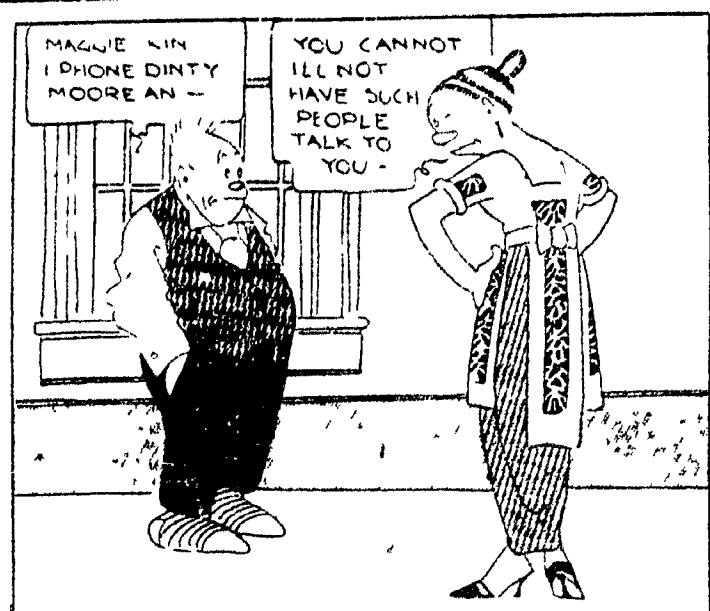

"Judge Gary's plea that tender regard for the interest and liberty of Steel Trust employees prevents him from yielding to the union demand may be set aside as a hollow apart from the question of its sincerity. That is not his business. It is a plea of paternalism that has no place in American industry. The employees should be free to choose their own methods of determining the wages and the conditions of labor they will accept. If they want to be unionized and to deal with the Steel Trust through

THE OTHER SIDE

All day long I sit around and weep because the prices are so steep. Whatever thing I have to buy a pup a pencil or a pie a quilt a quagga or a quince the price I'm touched for makes me wince. And so by rising prices pinched, I cry. Let the profits be lynched. And all the neighbors on the block inorse this drastic sort of talk. They say: "That is the proper dose," you bring a tree well fetch a rope. But this thing has another side, which cannot fairly be denied. I am forgetting when I sell the price of things I have to sell. I have an old fleabitten hen that lays each morning in her den, and when I go on buoyant legs, to sell her husky germ proof eggs, all neatly packed in crate or tierce, the price I get is something fierce. I have an ancient tanned cow, with antlers growing on her brow, she springs each day, a peck of milk, that's why my wife is wearing silk. I sell the milk by pint and quart and take in coins of every sort. In those grand times that I lament the old cow did not make a cent. Sometimes I fear when prices fall I'll still rear up and wildly bawl, if things I sell are going cheap. I don't believe I'll cease to weep.

More Truth Than Poetry

By James J. Montague

Apples

One little apple hanging on a tree
 Eve said to Adam: "Have a bite with me?"

"Sure," said the serpent, with a baleful glance
 "Don't be a fraud, ca' better take a chance"

Adam ate the apple, fresh off the limb
 Fond and foolish Adam! That finished him

More little apples, hanging on a bough
 Little Willie ate some, so did the cow

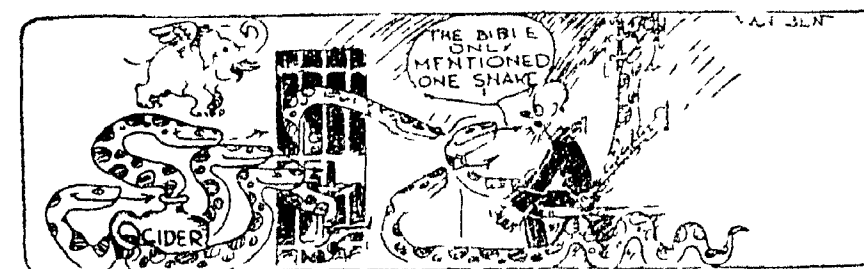

Both soon discovered something wasn't right
 The vet and the doctor labored all that night

Vet hurried homeward, at the peep of dawn
 Willie had a narrow squeak, but the cow passed on

More little apples, dear old Uncle Si
 Biled in the biler when the state went dry

Fed some to the Deacon, sure old man but frail
 Now the Deacon's doing twenty days in jail

Baldwin Russet Bellflower Gravelstein or Pip
 Apples, oh my brother his is an awful tip!

union representatives, that is then by reason and arbitration— would business and their right. Judge Gary speaks for the steel interests, which are closely associated in policy. It is not becoming in the cat to weep over the troubles of the mouse in trying to find avenues to escape from cat claws.

"Judge Gary tries to make an issue out of the 'closed shop'" which he says is involved in dealing with the labor union.

"The union leaders deny this issue. They deny they are asking for the 'closed shop.' They insist that the sole issue is the conference, and the 'closed shop' is a bugaboo which Judge Gary has summoned to strengthen his case."

"Standing upon an issue which Judge Gary thinks will follow an other issue is neither logical nor justifiable. Conceding a conference with union representatives does not involve conceding the 'closed shop.' It involves only the denial of collective bargaining by union organization. If the demand for the closed shop follows the conference or is the consequence of recognizing the right of conference and collective bargaining, then is the time to fight the 'closed shop.' Using it now to strengthen the unjustifiable demand of a conference is merely an ingenious and insincere method of avoiding the real issue."

"Closing the steel mills would be a heavy blow to the prosperity of the American people. It would block the wheels of industry and stop the work of reconstruction which is vital not only to the welfare of the American people, but of the peoples of the world who are dependent upon American industry for the revival of their industries. A strike of any proportions in so great an industry would create widespread disorder, which is now the curse of the world."

"Nothing but intolerable wrong— a wrong that cannot be righted—

Our opinion is that the girls should quit wearin' sweaters tui th' league is out o' th' waz, an' th' people cool down a bit. Mail Carrier Lealie Timberlake wuz crushed by fallin' bacon t'day.

TIVERTON

Rev. I. S. Hawn and wife left for an extended visit in Colorado. While there they will make a fortnight's visit with Mrs. Hawn's brother.

Harvest home and rally day will be jointly observed at the Trinity Reformed church on October 5. Prof. Cole, of the Nellie high schools will be present and give his usual instructive lecture. Special music will be given.

Mrs. Jacob Lonsinger is visiting at Mr. and Mrs. Middleton's, 227 McClure-st. Dayton, also Mr. and Mrs. Henry Garba's, formerly of this place.

John Beal, oil pumper, of the Logan Run oil wells, had an arm severely bruised by a falling scantling from a derrick. C. M. Fessler, an oil pumper, has been secured to operate the wells while Mr. Beal recuperates.

The high schools at Tiverton opened on last Monday. The opening of the schools was delayed on account of contractor's failure to complete the house.

Mrs. J. P. Cly returned home from a two weeks' sojourn with her daughter, Mrs. Edward Phillips at Glenmont.

The threshing campaign is closed in

ALKALI IN SOAP BAD FOR THE HAIR

Soap should be used very carefully, if you want to keep your hair looking its best. Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and ruins it.

The best thing for steady use is just ordinary mulled coconut oil (which is pure and greaseless), and is better than the most expensive soap or any thing else you can use.

One or two teaspoonfuls will cleanse the hair and scalp thoroughly. Simply moisten the hair with water and rub it in. It makes an abundance of rich, creamy lather, which rinses out easily, removing every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves the scalp soft, and the hair fine and silky, bright, lustrous, fluffy and easy to manage.

You can get mulled coconut oil at any pharmacy, it's very cheap, and a few ounces will supply every member of the family for months.

BUTLER BROS.
Cooperdale, Ohio.

ointment AND SOAP DID NOT REMOVE PIMPLES

Decides Pimples were Due to Stomach—Took Hypo-Cod—Face Clears Up.

"I surely struck the things my system needed when I got that bottle of Earle's Hypo-Cod and took it regularly per directions," declared Sidney Holloway, 11215 Knowlton Ave., Cleveland, O.

Prior to taking Earle's Hypo-Cod I had tried all kinds of ointments and soaps but the pimples and skin eruptions remained. At last I decided it was due to my stomach. I was having frequent spells of indigestion. It seemed like my stomach was always upset. Blood medicines I took didn't help my blood either but Earle's Hypo-Cod has helped me wonderfully. My stomach is OK and it seemed to be just what my system craved. I eat much better and the best part of it is that my face and skin has cleared up and the food that used to hurt my stomach never bothers me now. I enjoy a meal without the least bit of discomfort afterwards and it surely must be powerful for it did the work so quickly for me," continued Mr. Holloway, whose address is given above.

Seldom do we have real kidney, blood, or indigestion trouble. We are as a rule simply rundown and weakened and the vital organs falter because you are weak, the same way they do when you are getting over a long wasting illness. At such a time the doctor tells you to get a tonic and tone your self up. Everyone who has been sick knows their stomach, blood and whole body gets rundown. And in the Autumn is the best time to take a tonic. It brings back the old "pep" after the hot weather. It increases the disease resisting vitality fortifies the system against complications, colds, coughs, fevers and complaints of winter.

Earle's Hypo-Cod is made in one of America's largest laboratories of finest ingredients and with the formula shown on each bottle is good for the whole family. Get a bottle tonight.

Earle's Hypo-Cod is sold by Wimmer & Arnold Co., and the leading druggists in all nearby towns. Price \$1.20 plus 5c war tax.

this vicinity. The average turnout of wheat is four bushels less than last year. The 1918 crop averaged 22 bushels to the acre.

Mr. H. R. Lonsinger will offer at public sale in the near future his farm implements and live stock. He will move to Chicago and engage in the footwear business.

Clarence Fisher returned recently from North Judson, Ind., where he spent a few days with his uncle, Dr. Albert Fisher.

CHILI

Mr. and Mrs. Roy Leavengood attended church at New Bedford Sunday.

Mr. and Mrs. P. H. Barth spent Saturday with Mr. and Mrs. Phillabaum of West Lafayette.

COLUMBUS RED CROSS CANTEN CLOSING TODAY

COLUMBUS, O., Sept. 24.—The final chapter in Columbus women's war work has been written.

And the last doughnut, sandwich and cigar has been passed out at the Red Cross canteen hut at Union station.

The little "chow" haven for doughboys passing thru Columbus has now closed its doors. The canteen was opened in July, 1918.

During the service of the canteen but there were approximately 500,000 men served 650,000 cups of coffee, 400,000 sandwiches, 30,000 doughnuts, 200,000 blocks of ice cream, 250,000 pieces of cake and 1,500,000 cigarettes.

In a letter expressing their gratitude the 319th Engineers, California, who passed thru here late in August, said:

"We learned many things abroad, but our greatest lesson was learned after our return in America we have the finest and truest womanhood in the world."

Wheeler-McDonald Marriage.

At a pretty wedding Wednesday morning at 9 o'clock at the home of the bride's parents, Mr. and Mrs. F. H. McDonald, 234 north Fourth st. Columbus, Miss. Della J. McDonald became the wife of Walter H. Wheeler, son of Mr. and Mrs. T. H. Wheeler, 319 north Fourth st. of this city. The ring service was used, Rev. J. N. Johnston, formerly of Coshocton, officiating.

The bride wore a becoming gown of white net over white satin and carried a bouquet of Maryland roses and swansonia. A wedding breakfast was served, immediately after which Mr. and Mrs. Wheeler left on an automobile trip.

The McDonald home was beautifully decorated in a profusion of early fall flowers. The ceremony was performed by candle light and candles shed a soft glow over the tables at which the supper was served.

The following Coshocton people went to Columbus Tuesday to attend the wedding: Mrs. J. H. Wheeler, Ralph Wheeler, brother of the groom, Mrs. M. B. Smith, Miss Alice Judd, Miss Edna McCullough and Miss Clara Dawson.

Mr. and Mrs. Wheeler expect to make their home with the bride's parents for the present.

To St. Louis.

Dr. Edward B. Vogel has returned to his home in St. Louis after a visit with his brother, Robert Vogel.

Surprise Party.

Mrs. Grover Veigel was given a delightful surprise party at her home on Route 6, in honor of her twenty-third birthday anniversary. Those present were Mr. and Mrs. Grover Veigel and children, Mr. and Mrs. H. E. Cooksey, Mr. and Mrs. Ralph Wright, Mr. and Mrs. Emory Wright, Mr. and Mrs. Bruce Norris and children, Norma and Cecil, Mr. James McCormick and children Wallace and Dorothy.

At White Woman's Rock.

The following young people of Helmsick enjoyed a picnic at White Woman's Rock Sunday. Misses Grace Fox, Hollis Williamson, Grace Shepler, Mary Casey, Olive Fox and Stella Williamson. Clifford Stover, Ervin Endsley, Clyde Lowe, Frank Gamersfelder, Benjamin Lewis and Oren Casey.

Barbecue This Evening.

The following young people will enjoy a barbecue near Keene this evening. Misses Amber Kuhn, Jennie Roberts, Helen Smith, Grace Neldson, Grace Karr and Mary Smith; Harry Norman, Russell Karr, Harry Norris, Paul Rice, John Abel, Earl Karr and Jay Lawrence.

Ross-Donley Marriage.

Rev. A. B. Markley performed the ceremony at his home on south Seventh st. Monday afternoon, uniting in marriage Miss Dorothy Donley, daughter of Mr. and Mrs. Herman Donley, 611 Walnut st., and Charles Ross, 723 Vine st. Mr. Ross is employed at the American Art Works.

Birthday Party.

A party was given Saturday evening at the home of Mr. and Mrs. Valentine near Bakersville, in celebration of the former's twenty-first birthday anniversary. Games were enjoyed and refreshments were served.

Those present were Mr. and Mrs. Peter Scharr, Mr. and Mrs. William Miller, Mr. and Mrs. Harry Zimmerman, Mr. and Mrs. Albert Schermer.

SAY! WHEN DO WE EAT?

You'll Find the Fellows Who Have Learned to Use Stuart's Dyspepsia Tablets Right on the Job for Work, Play or Food. Dyspepsia or indigestion may follow a glass of milk as easily as a-

"Since You've Been Using Stuart's Dyspepsia Tablets You Eat Just Like a Doughboy."

plate of bacon and eggs. Today you may eat heartily and feel fine. Tomorrow you may bolt a glass of milk and two crackers and get a stomach full of gas, sour risings, biliousness, a feeling of bloated heaviness and other distress. Indigestion is a fault from infancy to old age, no matter what you eat, so the thing to consider is how you may eat freely, get away with it fine and not suffer any of those distresses of indigestion. Stuart's Dyspepsia Tablets have solved this problem for a host of people. In fact, they are so well known that many physicians prescribe them for indigestion, dyspepsia and other digestive disorders. They contain ingredients which act with an alkaline effect just as the stomach does in perfect health. Thus you may eat those foods you may have denied yourself for fear of distress. Get a 50-cent box of Stuart's Dyspepsia Tablets at any drug store and there will be no thought of trouble after eating. Try this harmless plan of enjoying life.

place for the next reunion was selected. After singing God Be With You and We Met Again and prayer was offered by John McAllister, the friends and relatives adjourned until the next Sunday in September 1922 when they are to meet at the home of A. J. McAllister, of Conesville Route 1. Those present were:

John McAllister, Clara Rapids, La., Mrs. Ellen Beatty, Cedar Rapids, Ia., Mr. and Mrs. Isaac McAllister and sons John and Therman, of West Lafayette, Mr. and Mrs. J. J. McAllister and son Therman, of Zanesville, Mrs. Clara Fisher, of Homestead, Pa., Mrs. Ada Radin, Bartlett, of New Martinsville, W. Va., Mr. and Mrs. E. J. McAllister and family, Sarah, Mary, Carlos and Frances, of West Lafayette, Mr. and Mrs. A. J. McAllister and family, Clara and Hazel, of Conesville Route 1, Mr. and Mrs. R. A. McAllister and family, Pauline and Eugene, of Otsego, G. I. McAllister and daughters, Edna and Evelyn, of West Lafayette, Mr. and Mrs. John M. Ross and family, Mabel and Carma of Otsego, Mr. and Mrs. J. P. Ross and daughter, Helen, of West Lafayette, Mr. and Mrs. R. I. Ross and daughter, Helen, of Birds Run, Mr. and Mrs. F. A. Ross and daughters, Dorothy and Wanda, of West Lafayette, Mr. and Mrs. J. P. Ross and family, Catherine, Robert, Francis, Bernice and Edith of Conesville, George C. Ross of Isleta, Mr. and Mrs. G. C. Sprague and family, Leva, Dorothy and Lor, of Otsego, Mr. and Mrs. John Watson and family, Zelma and William of Birds Run, Mr. and Mrs. W. L. Boraenkircher and daughter, Mildred Irene of West Lafayette, Mr. and Mrs. Lemuel Welker and family, Nellie, Mearl and Charles, of Isleta, Mr. and Mrs. Melvin Welker and daughter, One of Plainfield, Mr. and Mrs. Clifford Welker and sons, Rollin and Byron, of West Lafayette, Mr. and Mrs. John Welker, of Birds Run, Mr. and Mrs. W. J. Thompson and daughter, Lucille, of West Lafayette, Mr. and Mrs. Russell Black of Isleta, Mr. and Mrs. Emory Welker and family, Harold, Lorette and Francis of Isleta, Mrs. Laura McCune of Plainfield, Mr. and Mrs. Walter Welker and son Wayne, of Isleta, John McCune of Plainfield, Mr. and Mrs. John S. McCune and daughter, Mirech Elizabeth, Mr. and Mrs. Charles R. Kinney and sons, Russell Kenneth and Jesse and Mrs. Sarah Kinney of Route 4, Mr. and Mrs. J. W. Fowler, Mrs. and Mrs. S. P. Woodward and J. R. Gaumer of Plainfield, Burnetta Van Fossom of Birds Run, Miss Margaret Love of Plainfield, Carl Spratt of Otsego and Jesse Kinney, of Fresno.

Entertains Stitches. Mrs. Robert Hanlon, 786 Main st., entertained the Stitches at her home Wednesday afternoon.

McAllister Reunion.

Sunday the McAllister reunion was held at the home of Mr. and Mrs. Lemuel Welker near Plainfield. The reunion was the first the McAllister family has held and it was in honor of John McAllister and his sister, Mrs. Ellen Beatty, both of Cedar Rapids, Ia. Mr. McAllister gave an interesting talk concerning the pilgrimage of the McAllisters who first came to this country. He spoke of having reached Coshocton July 15, 1852, and of having assisted his father with cutting corn in a field that is now occupied by the Pennsylvania depot. Mr. McAllister taught in the public schools of Coshocton, having taught at Sand Banks and White Eyes prior to his enlistment in the Civil war. After the Civil war he taught a number of years in the public schools of Iowa. He was also chosen as a member of the legislature from the state of Iowa. As an educator, a veteran of the Civil war, a very successful business man and a devoted citizen of the United States, Mr. McAllister pleads for better home training for the American youth. He closed his talk with a few well chosen remarks to his comrades. A meeting was sung after which the crowd was delightfully entertained by Mr. Clara Fisher of Homestead, Pa. She was followed by Merrell Ross, son of Mr. and Mrs. John M. Ross who gave an interesting reading, and he by their little daughter, Carmi, who delighted all with her recitation. The reunion was so thoroughly enjoyed that officers were elected for the coming year and the date of the next reunion was set for September 24, 1922.

To Custar. Mrs. J. A. Cornell and son-in-law and daughter, Rev. and Mrs. Fred Rinehart, left Wednesday for Custar, Woodco, to make their home. Their home was in Roscoe.

Home From Cleveland. Dr. and Mrs. J. D. Lower, 1005 Walnut st., have returned home from a visit in Cleveland with Dr. William Lower and Dr. E. W. Crille.

In Adams Mills. Mr. and Mrs. Henry Wilson, 662 Elm st., spent Sunday in Adams Mills, as the guests of Mr. and Mrs. Russell Vickers.

Large Crowd at Festival. The fall festival at the Catholic playgrounds opened last night with a big crowd in attendance.

The 10 booths made of cornstalks, branches and golden rod presented an attractive appearance. The Japanese tea room was unusually attractive. There was a lunch room, cake sale,

Wooltex
TAILOR-MADES
The Black Co.

Style 3515—the back of the Coat would reveal a knapsack effect. Stitched cording is the trimming. Notice the high collar, quite over the chin and the narrow tie belt. Made of Velour Imperial.

Style 3460—Youth will like the smart swing to the Grenoble—which you will find only in this store—its fullness retained by a patent leather belt. Two convenient little pockets are concealed beneath the unique cutting of the upper portion. Of plaid velour in the wanted mixtures.

Style 3570—the flare proclaims this Coat a Grenoble. A waist seam slightly lower than normal extends across the back. The collar is soft, rich racoon. The Chameleon cord from which the Coat is made is decidedly new—a shimmer of silver over lovely colorings.

Style 3450

The Grenoble

Originated In Paris—Shown For The First Time In This City—It Is A Wooltex Tailor-Made

“To tell of the Grenoble” is to speak of flares.

For the “Grenoble” flares from the hips downward in a truly delightful fashion defying all the old rules that say a garment must cling to the ankle.

Sometimes the flare is at the sides, sometimes it is at the front. But wherever it is, always the back of the coat is straight and slender.

The style is youthful of course, and very smart. We predict it will be much in demand and so have secured the Grenoble from the Wooltex tailors, who created it first in America.

You will find a very limited number of Wooltex Grenobles in their different types at this shop—a feature that adds much to its exclusiveness.

IS SERIOUSLY ILL

Mrs. Kate Hummel, 82, 313 north Second st., is seriously ill at the home of her niece, Mrs. Harvey Bell, near Otsego, as a result of a complication of diseases.

Mrs. Hummel was on a visit at the time she was taken ill. She is reported to be in a semi-conscious condition and little hope is entertained for recovery.

RED CROSS TO REOPEN CLASS IN SICK CARE

The proposed organization of the classes in home hygiene and care of the sick was discussed at length at the meeting of the executive board of the Red Cross held Tuesday evening in the offices in the Frew building. The one class organized last year under the direction of Miss Harriet Keenan was carried to successful completion with results so satisfactory that the chapter is anxious to finance not merely one, but several such classes this year.

The preliminary steps necessary to the organization are being taken now and definite announcement will be made shortly. In making application for membership the chapter officers, as well as the committee in charge, wishes it definitely understood that taking the course entails no obligation. That is, that girls and women enrolled in it will not be drafted for general service in case of epidemic of any kind. The idea of the national organization in promoting the plan and of the local one in furthering it is that a large number of women in every community may be equipped to intelligently safeguard the health of their own families. It is hoped that women from the county as well as in town will avail themselves of this opportunity.

The local chapter is also planning a county institute to be held shortly after the fair, with speakers from Lake Division headquarters and delegates from every branch in the county. The purpose of this institute will be to definitely determine the Coshocton chapter's peace time program. The date and program will be announced shortly.

Arrangements were also made for a Red Cross tent at the county fair, which will serve as an informal place of meeting for Red Cross workers in all parts of the county. It will be

equipped with chairs, cots, “first aid,” etc., and everyone interested in Red Cross work will be given a hearty welcome.

COST OF MEAT TO STATE IS LOWERED

COLUMBUS Sept. 24—The state board of administration's beef contract for state institutions for October calls for purchase as low as nine cents a pound compared to 18 cents for September.

Pork, bacon and ham will be about two cents lower than this month.

IS OPERATED UPON

Mrs. P. S. Sowers, Bowling Green, was operated upon at the City hospital Tuesday evening by Drs. J. D. Lower, F. M. Marshall and Jesse McClain.

LONDON—The Olympic committee of Great Britain has accepted the invitation from Belgium to participate in the Olympic games in Antwerp in 1920.

The remainder of the lineup includes Schacht, rf; Powelson, 2b; Norman lf; Latham, c; 1 Hook, cf; Gross, 1b; R. Hook, ss; Mulford, 3b. The Fed erals will line up as usual.

FAILURE

(Continued From Page One)
into by the United Mine Workers of America shall have incorporated therein a provision providing for the weekly pay days.

6—That all double shift work on the coal shall be abolished except as may be necessary for development and ventilating purposes, and development for increased tonnage shall not be regarded as being a reason for double shift work, it being understood that this rule shall not be applicable to new mines that are in the process of development.

7—That no automatic penalty clause shall be written into any agreement entered into by the United Mine Workers of America.

8—That all internal differences not covered by joint interstate agreements shall be referred back to the respective districts for adjustment.

9—That all contracts in the bituminous field shall be declared as having automatically expired November 1, 1919, and that no sectional settlement shall be allowed and new contracts must run concurrently for a period of two years in all bituminous districts under our jurisdiction.

10—That agreements negotiated for outlying districts shall be retroactive and become effective on the date on which the agreement for the central competitive field becomes effective.

11—That no agreement for the central competitive district shall be concluded until after this convention has been reconvened and the agreement has been ratified by the reconvened convention, which reconvened convention shall also define a part to be applicable to outlying districts, and that the reconvened convention shall be held in Indianapolis on such date as may be designated by the resident international officials.

12—We recommend that in event a satisfactory wage agreement is not secured for the central competitive field before November 1, 1919, to replace the one now in effect, that the international officials be authorized to and are hereby instructed to call a general strike of all bituminous miners and mine workers throughout the United States, the same to become effective November 1, 1919.

13—That this convention go on record as favoring the ratification of the wage demands made by the anthracite miners in their tri-state convention, which was held in Wilkes-Barre, Penna., from August 19 to 23 inclusive, and that we pledge to the anthracite mine workers our powers and influence in aiding them to the fulfillment of their demands.

LOCAL CHURCH HAS IMPROVEMENT FUND

Improvements costing in the neighborhood of \$1,000 have been completed at the Sacred Heart church. Built by

The improvements consist of the construction of new cement steps and walks, installation of lights on the church grounds, and the grading of the school playground.

An offering taken up among the members netted \$1,093.70. This sum will be expended to defray the expense of the improvements.

PERSONALITY OF SUPER BREAKS A CANTON STRIKE

CANTON, Sept. 24—Employees of the Canton Sheet Steel Co., who quit work yesterday morning following picking of the plant by striking steel workers, voted to return to work Sunday night, and thus the plant will resume operations at that time. The vote of 120 employees was practically unanimous.

Meetings of the men of the various departments were in progress all of yesterday and far into the night. Action followed a talk to the men by Assistant Superintendent Roamer. The vote of the men is regarded as a personal victory for Mr. Roamer, who is extremely popular with the men.

OFFICERS GET CONTROL OVER SHARON TODAY

SHARON, PA., Sept. 24—With the sweating in of scores of deputy sheriffs and the placing of the strike zone practically under martial law, the state constabulary and local police authorities were this morning prepared for any emergency that might arise in connection with the steel strike in the Shenandoah valley. The record of disorders at Farrell last night stands at three killed and 10 wounded by gun shot and scores by clubbing.

The second fatal rioting occurred last night 7:15 when a member of a mob fired on state troops, who returned six volleys, killing John Bandrak, 32, who was shot thru the head, and wounding six others.

CHARGED WITH STEALING DRY CAMPAIGN COIN

COLUMBUS, Sept. 24—Jesse R. Bean, superintendent of mails at Westerville, pleaded not guilty of stealing from the mails and concealing stolen mail when arraigned before United States Commissioner Johnson late yesterday. He was held under \$1000 bond.

Local inspectors of the postoffice department arrested Bean yesterday. They charge he had been taking money from mail directed to Anti-Saloon league headquarters at Westerville.

RAIL STRIKE THREATENING GT. BRITAIN

LONDON, Sept. 24—Great Britain today was threatened with a nation wide railway strike.

After a meeting of the executives of the National Union of Railwaymen today, James Henry Thomas, general secretary issued a statement announcing that an ultimatum had been sent the government rejecting its offer of a wage and working conditions.

Thomas intimated that unless a favorable reply was received by noon tomorrow, the men will be ordered to cease work.

STRIKERS AND CONSTABULARY COME TOGETHER

BUFFALO, N. Y., Sept. 24—State constabulary and striking steel workers clashed here today when the latter ignored a command to disperse.

The strikers began congregating on street corners in large numbers. The troop commander ordered them to move on. The strikers responded with a volley of stones. The troopers then charged, wielding their clubs. Many of the strikers sought refuge in saloons but were followed and chased out.

turbance charges. Two men are in Youngstown hospital with fractured skulls as the result of disturbances at the Republic Iron and Steel Company plant this morning.

SONSTABULARY ORDERED INTO LACKAWANNA, PA.

ALBANY, N. Y., Sept. 24.—Gov. Arthur Smith has ordered a company of state constabulary to Lackawanna, where disorders have occurred in connection with the steel strike.

CARRY STONES IN KERCHIEF

YOUNGSTOWN, O., Sept. 24—Five men arrested near the Youngstown plant of the Sharon Steel Hoop Co. this morning, when several minor disturbances in the steel strike, were reported to police, were found to be carrying stones wrapped in handkerchiefs. The men are held on dis-

REYNOLDSBURG LADY GAVE AN ENDORSEMENT

Mrs. Belinda Kraft, Who was Benefited by Plant Juice, Gives Glowing Report to Her Friends.

Mrs. Belinda Kraft, who resides at Reynoldsburg, Ohio, where she has a host of friends, gave the following signed statement in regard to the wonderful benefit she received. She said:

"I have been troubled with my stomach for years. My food fermented and caused gas with great distress after eating; I was dizzy, had headaches, and felt sometimes as if I would fall over; I was badly constipated and had to do with medicines which did me no good; I was nervous and could not get any sleep at night; my kidneys were affected and I suffered with severe pains across my back. I heard of Plant Juice and the cures it was making, so decided to give it a trial. I have only taken it for a short time and feel entirely relieved. I have no more trouble with my stomach and can eat anything I want; have no more dizzy spells or headaches, and my kidneys are in good condition. I will be glad to recommend Plant Juice to all my friends as a great remedy."

Such words as these, and those of many others which have been printed, have wide influence, for they come from people of standing and integrity, who gave Plant Juice a fair trial and have been greatly benefited thereby.

Plant Juice is sold in Coshocton at The Page & Lorenz Drug Store.

Why Suffer So?

Why suffer from a bad back, from sharp, shooting twinges, headaches, dizziness and distressing urinary ills? Coshocton people recommend Doan's Kidney Pills. Could you ask for stronger proof of merit?

E. Schaeffer, blacksmith, 216 S. Second St., Coshocton, says: "I think continually bending over at my work is what brought on my kidney trouble. Nights I was restless and had to get up to pass the kidney secretions, which were unnatural. Mornings, I could hardly get out of bed on account of my back. After suffering this way nine months and trying many remedies without benefit, I used Doan's Kidney Pills. After taking the first box, I felt like a different man. I could then work all right and sleep soundly."

Mr. Schaeffer gave the above statement in September, 1914, and on January 17, 1917 Mr. Schaeffer said: "The cure which I received from Doan's Kidney Pills has been lasting. I gladly confirm every word of my former endorsement."

**Dr. C. C. Weist Will Make His 245th
Visit to Coshocton Park Hotel,
Monday, Sept. 29, 11 a. m. to
8 p. m. One Day Only**

C. C. WEIST, M. D.
Dr. Weist's home office is 312 East 10th Avenue, Columbus, O.

If your disease is chronic, consult Dr. Weist. Special attention is given to diseases of the head, nose, throat, stomach, liver, bowels, as indigestion, dyspepsia, biliousness, constipation, diarrhoea, blood, heart, skin, rheumatism, eczema, pimples, scrofula, bad blood, nerves, spine neuralgia, nervous exhaustion, dependency.

Diseases peculiar to women. My home treatment for women can be used at home without delay from work, for such troubles that thousands of women are sufferers.

Diseases of men. Dr. Weist wants to have a talk with every man that is suffering with a nervous breakdown, discouraged, or disease of a private nature. Why not consult Dr. Weist? He has made regular monthly visits to this community for years.

never lost a world's championship struggle. This list now includes the Boston Red Sox, the Boston Braves and the White Sox. The Red Sox have gone thru five series without defeat, the Braves have weathered the American league storm once and the White Sox have twice emerged the victor in the big baseball classic.

Since 1903 the National league team has won only five series. In 1905 the Giants beat the Athletics; in 1907 the Cubs whipped the Tigers; the following year the Cubs repeated by again trimming the Detroit champions; in 1909 the Tigers' third effort failed before the victorious Pirates and in 1914 Stallings and his miraculous Brave club swamped the Athletics four straight. Since 1908 the National league champions have been taking a turn every five years in winning the National flag. If this can be taken as an oracle the Reds are marked by fate to win this series.

In 16 years, only two teams have won the series in four straight games. The Cubs turned the trick against the Tigers in 1907 without giving the American leaguers a game and in 1914 the Braves pulled the same stunt against the Athletics.

The Giants and the Cubs hold the record for shutting out their opponents in the world's series, each time having performed this feat five times. Detroit and Chicago played the longest series game—a 13-inning affair in 1885.

Boston is the only city in the major leagues whose pennant winners have not lost a world's series decision. The Braves and the Red Sox have both delivered the goods when they represented the Bean City in the big games.

The following is the result of the annual fight since 1903:

1903: Red Sox beat Pittsburgh 5 out of 8.
1904: No series played.
1905: Giants beat the Athletics 4 out of 5.
1906: White Sox beat Cubs 4 out of 6.
1907: Cubs beat the Tigers 4 out of 5.
1908: Pirates beat the Tigers 4 out of 7.
1909: Athletics beat Cubs 4 out of 5.
1910: Athletics beat Giants 4 out of 5.
1911: Red Sox beat Giants 4 out of 7.
1912: Athletics beat Giants 4 out of 5.
1913: Athletics beat Athletics 4 out of 5.
1914: Braves beat Athletics 4 out of 5.
1915: Red Sox beat Phillies 4 out of 5.
1916: Red Sox beat Brooklyn 4 out of 5.
1917: White Sox beat Giants 4 out of 6.
1918: Red Sox beat the Cubs 4 out of 6.

SIX SERIES CUT FOR COLLINS

Eddie Collins, star second sacker of the White Sox, is sure in strong with old Dame Fortune. While some of the premier ball players of the majors, including Nap Lajoie, have gone thru a career without a single look in at world's series honors, the former Athletic star will have played in six out of the 15 post-season battles when the curtain falls on this year's classic.

He and his old teammate, Jack Barry, hold the record as the most "world's series" players of the game. Barry has been a member of six winners, but he played in only five series, a broken arm in 1916 having kept him from active work in the series.

In addition to the honor of having played in the most world's championship games, Collins had profited immensely by the smile of the little girl Luck, which has given him five large slices of the world's series coin and one small hunk. By another piece of luck he did not take part in the series when "slim years" prevailed. It is estimated that the extra money which came to him from this source runs around \$17,000.

His first divvy of the extra coin came with the Athletics when they won the world's championship in 1910. He was with them when they repeated in 1911 and in 1913, when the Braves made the Athletics take the small out of the pie in 1914 he had another piece. Then he was traded to

WHITE SOX HAVE SHADE THE BETTER OF INFIELDS

NEW YORK, Sept. 24.—Insight of the proverbial "Philadelphia lawyer" is needed in weighing the merits of the Cincinnati Reds and White Sox infield.

Eddie Collins, that star of stars, in the lone member of two inner defenses who stands head and shoulders above his rivals. In the other three positions, technique, temperament and all the so-called fine points of the game have to be thrown in the balance to pick the better man.

After consideration of all their virtues and shortcomings, the needle seems to point to the Sox as having a shade the better on infield class.

Heinie Groh, the Red captain and star third baseman is the lone Morante who can be held up as a superior on his sack. By varying margins, the other decisions go to "Chick" Gandil and "Swede" Risberg.

On first base, figures show a neck and neck decision between Jake Daubert and Gandil. The Sox player with a batting average of .298 has a lead of 24 points over his veteran rival. He leads him also in stolen bases, 13 to 11. But in run scoring Daubert leads with 75 to his credit while "Chick" has crossed the pan only 52 times. Daubert is first in number of hits with 140 against 121 for his rival. Their fielding is about on the same par. But history proves that Gandil is a more dependable player in a pinch. He has Daubert out-couraged in a hot battle. The miserable showing of the Red veteran when he went thru a world series with the Dodgers compared to Gandil's work in the 1915 series would give Gandil the choice in the coming struggle.

Comparisons of second basemen are superfluous. Rath cannot even hope to attain the plane of the all around work of the peerless Eddie Collins. The Red second sacker is a good ball player and is unfortunate in the circumstances which require a cold analysis of figures involving him and one of the greatest players of all time. There is but one "E. Collins, 2-B" in hitting and fielding. There is little to choose between "Swede" Risberg and Larry Kopf at shortstop. Both are far from being great ball players. The Cincinnati players has a 19 point advantage over the "Swede" in batting, has stolen one more base, scored four more runs and made 36 more hits. Risberg has been coming strong in the closing weeks of the pennant drive and has been outplaying his Red rival in the field. As a world se-

ries star the Sox player outpoints the Cincinnati Reds and White Sox infield.

Heinie Groh and Buck Weaver are almost twins in ability in the far corner. Both rank among the game's best players. Groh is a bit more powerful on the attack with a batting average of .307 against .295 for Weaver. In base running they are on the same level.

Weaver has scored four more runs and 18 more hits than the little Morante captain. Both are sensational fielders. Groh is the balance wheel of the Red defense and occupies the niche that Collins holds in the Sox infield. He may be a trifle more reliable than Weaver in emergencies, if a shade is to be accorded either man, it belongs to Groh.

Taken as a whole, the White Sox infield outbats the Reds .292 to .272. Gleason's men are better on the bases with 82 thefts against 66 for the Ohioans. In run scoring the Morante leads with 75 to 66 for the Reds.

On first base, figures show a neck and neck decision between Jake Daubert and Gandil. The Sox player with a batting average of .298 has a lead of 24 points over his veteran rival. He leads him also in stolen bases, 13 to 11. But in run scoring Daubert leads with 75 to his credit while "Chick" has crossed the pan only 52 times. Daubert is first in number of hits with 140 against 121 for his rival. Their fielding is about on the same par. But history proves that Gandil is a more dependable player in a pinch. He has Daubert out-couraged in a hot battle. The miserable showing of the Red veteran when he went thru a world series with the Dodgers compared to Gandil's work in the 1915 series would give Gandil the choice in the coming struggle.

Comparisons of second basemen are superfluous. Rath cannot even hope to attain the plane of the all around work of the peerless Eddie Collins. The Red second sacker is a good ball player and is unfortunate in the circumstances which require a cold analysis of figures involving him and one of the greatest players of all time. There is but one "E. Collins, 2-B" in hitting and fielding. There is little to choose between "Swede" Risberg and Larry Kopf at shortstop. Both are far from being great ball players. The Cincinnati players has a 19 point advantage over the "Swede" in batting, has stolen one more base, scored four more runs and made 36 more hits. Risberg has been coming strong in the closing weeks of the pennant drive and has been outplaying his Red rival in the field. As a world se-

ries star the Sox player outpoints the Cincinnati Reds and White Sox infield.

Heinie Groh and Buck Weaver are almost twins in ability in the far corner. Both rank among the game's best players. Groh is a bit more powerful on the attack with a batting average of .307 against .295 for Weaver. In base running they are on the same level.

Groh is the balance wheel of the Red defense and occupies the niche that Collins holds in the Sox infield. He may be a trifle more reliable than Weaver in emergencies, if a shade is to be accorded either man, it belongs to Groh.

ries star the Sox player outpoints the Cincinnati Reds and White Sox infield.

Heinie Groh and Buck Weaver are almost twins in ability in the far corner. Both rank among the game's best players. Groh is a bit more powerful on the attack with a batting average of .307 against .295 for Weaver. In base running they are on the same level.

Weaver has scored four more runs and 18 more hits than the little Morante captain. Both are sensational fielders. Groh is the balance wheel of the Red defense and occupies the niche that Collins holds in the Sox infield. He may be a trifle more reliable than Weaver in emergencies, if a shade is to be accorded either man, it belongs to Groh.

Taken as a whole, the White Sox infield outbats the Reds .292 to .272. Gleason's men are better on the bases with 82 thefts against 66 for the Ohioans. In run scoring the Morante leads with 75 to 66 for the Reds.

On first base, figures show a neck and neck decision between Jake Daubert and Gandil. The Sox player with a batting average of .298 has a lead of 24 points over his veteran rival. He leads him also in stolen bases, 13 to 11. But in run scoring Daubert leads with 75 to his credit while "Chick" has crossed the pan only 52 times. Daubert is first in number of hits with 140 against 121 for his rival. Their fielding is about on the same par. But history proves that Gandil is a more dependable player in a pinch. He has Daubert out-couraged in a hot battle. The miserable showing of the Red veteran when he went thru a world series with the Dodgers compared to Gandil's work in the 1915 series would give Gandil the choice in the coming struggle.

Comparisons of second basemen are superfluous. Rath cannot even hope to attain the plane of the all around work of the peerless Eddie Collins. The Red second sacker is a good ball player and is unfortunate in the circumstances which require a cold analysis of figures involving him and one of the greatest players of all time. There is but one "E. Collins, 2-B" in hitting and fielding. There is little to choose between "Swede" Risberg and Larry Kopf at shortstop. Both are far from being great ball players. The Cincinnati players has a 19 point advantage over the "Swede" in batting, has stolen one more base, scored four more runs and made 36 more hits. Risberg has been coming strong in the closing weeks of the pennant drive and has been outplaying his Red rival in the field. As a world se-

ries star the Sox player outpoints the Cincinnati Reds and White Sox infield.

Heinie Groh and Buck Weaver are almost twins in ability in the far corner. Both rank among the game's best players. Groh is a bit more powerful on the attack with a batting average of .307 against .295 for Weaver. In base running they are on the same level.

Weaver has scored four more runs and 18 more hits than the little Morante captain. Both are sensational fielders. Groh is the balance wheel of the Red defense and occupies the niche that Collins holds in the Sox infield. He may be a trifle more reliable than Weaver in emergencies, if a shade is to be accorded either man, it belongs to Groh.

players have the better mark with 279 runs against .263.

CLEVELAND—Shortly after noon today the United Mine Workers of America delegates in convention here finished the roll call demanded by the "insurgents" on a resolution dealing with the selection of delegates, organizers and field workers. The votes were to be counted later. Officials said they believed the "insurgents" were defeated three to one in their demand for immediate action.

DANDRUFF SOON RUINS THE HAIR

Girls—if you want plenty of thick, beautiful, glossy, silky hair, do by all means get rid of dandruff, for it will starve your hair and ruin it if you don't.

It doesn't do much good to try to brush or wash it out. The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it.

You will find, too, that all itching and digging of the scalp will stop, and your hair will look and feel a hundred times better. You can get liquid arvon at any drug store. It is inexpensive and four ounces is all you will need, no matter how much dandruff you have. This simple remedy never fails.

EUROPEANS ARE DIVIDING SPOILS WHILE U. S. IS ARGUING CASE

PARIS, Sept. 24.—Great Britain, France and Italy have decided to divide among themselves the eighteen German ships now at Hamburg. It was learned today.

It is understood that this action is being taken by the three allied powers pending ratification of the peace treaty by the United States senate.

America is not represented on the reparations commission.

Frank L. Polk, acting head of the American peace delegation is preparing to protest against the decision of the three European powers, it was stated today.

AUSTIN ACCEPTS JOB WITH EHRICH

Ernest Austin, former proprietor of the Litho-Press printing establishment has accepted a position at the Print Shop, west Mainst.

Mr. Austin recently traded his shop for a farm.

GERMAN CHANCELLOR ILL

BERLIN, Sept. 24.—Chancellor Bauer has fallen ill, having suffered an attack of heart trouble. He is unable to perform his official duties.

CUTICURA HEALS BABY'S ECZEMA

On Back. Spread on Face and Hands. Very Much Inflamed and Itched.

"When our baby was about four months old a small spot of eczema appeared on his back. It spread over his face and hands and became very much inflamed, and formed a scaly dry surface over his face. Apparently it itched, for the child was very restless and the eruption was disfiguring. We decided to try Cuticura. About four cakes of Cuticura Soap and two boxes of Ointment healed him." (Signed) Mrs. D. B. Hearick, 1915 Fillmore St., Topeka, Kansas.

Cuticura Toilet Trio
Consisting of Soap, Ointment and Talcum, promotes and maintains skin purity, skin comfort and skin health often when all else fails. The Soap to cleanse and purify, the Ointment to soothe and heal, the Talcum to powder and perfume. Then why not make these gentle, fragrant, super-creamy emollients your everyday toilet preparations?

HE'S ALL HET UP BUT U. S. ISN'T WORRYING MUCH

President Francisco Menrique Y. Calvajal.

President Calvajal of Santo Domingo objects to U. S. troops being stationed there and has ordered the U. S. state department to withdraw them. His position has not been recognized by the U. S. today and no change in the administration for the island republic is being planned as a result of his naughty words.

FORMER PASTORS IN THIS COUNTY ARE GIVEN POSTS

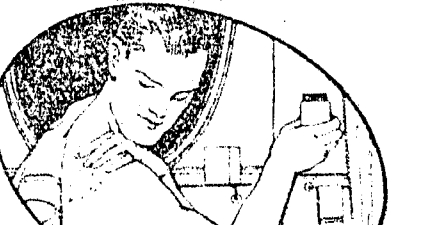

In the appointment of preachers at the Youngstown meeting of the North-east Ohio conference of the M. E. church Monday Rev. J. F. Stamm, formerly of Roscoe was assigned to Strongsville.

The Rev. G. Leslie Bohnert, former pastor of the Mohawk charge was sent to Smithville and Oak Chapel, Rev. E. H. Thompson, at one time pastor of the Kroene and Clark M. E. churches was returned to Granger.

The Rev. Paul E. Seerest was assigned to Millersburg. The Rev. G. W. Orrent is superintendent of the Wooster district.

MISSIONARY MEETING

The district missionary meeting of Steubenville Presbytery was held in Newcomerstown on Thursday, last, and was in every way an uplift to all who attended. The churches being well represented and the work in a progressive state. The reports from different branches were well received.

Resinol heals itching skin troubles

Resinol Ointment usually stops itching at once. It quickly and easily heals most cases of eczema, rash or similar distressing skin eruption, not due to serious internal conditions. Physicians prescribe Resinol Ointment regularly so you need not hesitate to try it.

Resinol Soap should actually be used with Resinol Ointment to prepare the skin to receive the Resinol medication. Resinol Soap and Resinol Ointment are sold by all druggists. Resinol Soap cleanses your complexion.

HEADACHE Caused by Acid-Stomach

Yes, indeed, more often than you think. Because ACID-STOMACH, starting with indigestion, heartburn, belching, food-repugnance, flat and gas, if not checked will eventually affect every vital organ of the body. Severe, burning, spitting headaches are, therefore, of frequent occurrence as a result of this up set condition.

Take EATONIC. It quickly banishes acid-stomach with its four blood, pain and gas. It aids digestion—helps the stomach get full strength from every mouthful of food you eat. Millions of people are miserable STOMACH. Poisons, created by partly digested food charged with acid, are absorbed into the blood and distributed throughout the entire system. This often causes rheumatism, biliousness, carboles of the liver, heart trouble, indigestion, and even cancer of the stomach. It robs its victims of their health, undermines the strength of the most vigorous.

If you want to get back your physical and mental strength—be full of vim and vigor—enjoy life and be happy, you must get rid of your acid-stomach.

Take EATONIC. You will find the very help you need and it's guaranteed. So get a big box for from your druggist today. If it fails to please you, return it and he will refund your money.

EATONIC (FOR YOUR ACID-STOMACH)

MAIL CARRIERS DECLARE FOR PAY INCREASE

CINCINNATI, Sept. 24.—One Kentucky rural mail carrier goes black-berry picking on his vacation to make enough money to buy shoes for his children, the congressional commission on postal salaries was told today.

The commission was in Cincinnati to hear demands for more pay from postal employees in Ohio, Indiana and Kentucky.

All said they cannot get along as what the government pays them.

Rural carriers demanded that the government supply them with vehicles.

At present they use their own vehicles.

A Kentucky carrier said he has to buy a buggy every two years.

"I drove buggies once and one would last me five years," said Congressman M. B. Madden, of Illinois, one of the commission.

"But you never drove them 9,000 miles a year," snapped the Kentuckian, Madden agreed.

BAND CONCERT AT PAROCHIAL GROUNDS

The I. O. O. F. band will give a band concert at the entertainment on the Catholic playground Wednesday evening.

The band members will assemble in their hall on Main-st at 7 o'clock and will march to the playground, where a fall festival is being given.

NEW CHURCH PAPER.

A church paper, known as the Parish Messenger, is now being published by the members of the Sacred Heart church, Bur-in.

The paper is well edited and compiled in highly interesting manner along the line of church activities. Miss Mary McManus is the managing editor.

ON SICK LIST.

William Randies, Keene, is suffering from an attack of typhoid fever. He was reported in a favorable condition today. Dr. McMichael, Keene, is attending him.

MOVING NOTE.

Extra Bender, Keene, has moved to the farm vacated by J. H. Donley, near that place. Mr. Donley has moved to a farm near Adams Mills.

When You Know

you have a heart, it is time to watch your stomach. Palpitation and other signs of "heart trouble" usually mean—indigestion, produced by food poisons that irritate every part of the body—heart included.

BEECHAM'S PILLS

Relieve and Benefit

TELL CONGRESS OF ENORMOUS WASTE AT SUPPLY CAMPS

Brig. Gen. C. B. Drake, above, and Rep. C. F. Reavis.

Virg. Gen. C. B. Drake, chief of the motor transport service, recently testified before the house committee investigating expenditures in the quartermaster's department that he had sent 470 messengers to the sales department concerning the number of surplus motor vehicles belonging to the department, which could be sold. His suggestion was not acted upon. Representative Reavis, Republican, of Nebraska, testified that the department has 17,000 motor vehicles which have been declared surplus stock and which have been allowed to rust and rot away in "open storage." No effort has been made to sell them, he charges.

COMMISSIONERS HELP BOOST FOR BETTER HIGHWAYS

County Commissioners Abbott and Davis Tuesday morning passed a resolution to submit to the voters at the election November 4 the proposition of whether or not a tax levy of two mills for three years shall be made to construct gravel roads through Coshocton. The action was taken in response to the petition of more than five per cent of the electors of the county.

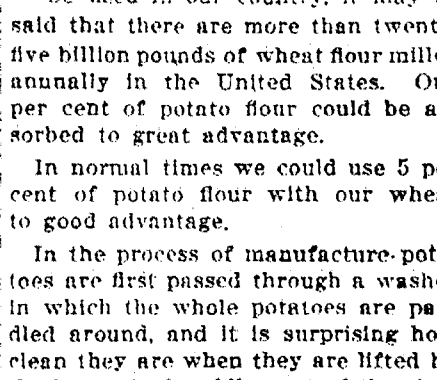

The petition was presented by representatives of the Pomona Grange, the Farm Bureau and the Coshocton-Auto Club.

The commissioners also passed a resolution to ask for state aid to assist in financing the extension of the brick highway from West Lafayette to Newcomerstown.

ROBBERS STEAL BOOZE IN JAIL

TOLEDO, Sept. 24.—Three robbers broke into the Lenawee County jail at Adrian, Mich., early this morning, loaded 300 quarts of booze into an auto and were driving away when driven from the car and lost by a fusillade of shots from the sheriff and two deputies. The booze had been confiscated by the authorities and it is said some of the owners sought to regain their property.

We Can Make Our Own Potato Flour

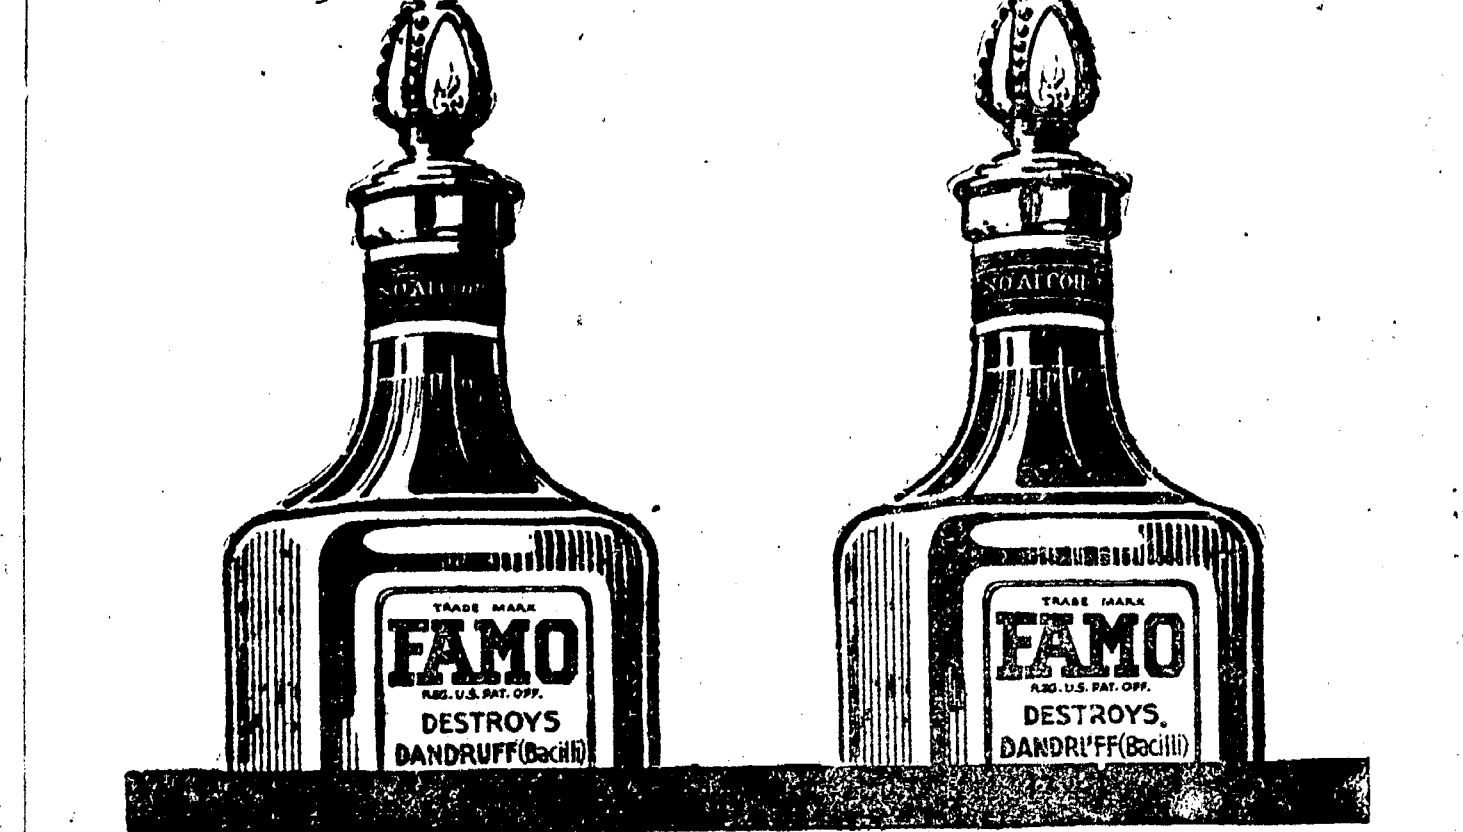

[National Crop Improvement Service.] In order to give an idea as to the amount of potato flour which should be used in our country, it may be said that there are more than twenty-five billion pounds of wheat flour milled annually in the United States. One per cent of potato flour could be absorbed to great advantage.

In normal times we could use 5 per cent of potato flour with our wheat to good advantage.

In the process of manufacture potatoes are first passed through a washer in which the whole potatoes are peddled around, and it is surprising how clean they are when they are lifted by the last set of paddles out of the rinsing water into the hopper of the elevator which carries them to the storage bin above the cooker. From the bin they are dropped into the steam cooker as needed, which on an average is about 800 pounds at a time.

From the steam cooker the potatoes are passed through a machine which has two immense hollow rollers side by side, which take on a coating of the previously steamed cooked potatoes.

Famo Kills Seborrhea

It Stops the Dandruff Disease and Grows New Hair

Science knows now that Seborrhea causes falling hair and finally, baldness.

Seborrhea is the bacillus of dandruff.

Famo actually kills this germ that kills the hair.

The formula of Famo came from one of Detroit's largest laboratories, after two years of constant research. It worked scores of authenticated cures of Seborrhea, before it was even given a name.

If you have dandruff, you have Seborrhea.

Famo eradicates the dandruff. It penetrates the glands of the scalp that feed the hair.

It grows hair by making and keeping the scalp and hair healthy.

Seborrhea is a disease as deadly to hair as is Pyorrhea to the teeth.

And unless you use Famo to kill the Seborrhea germ, your hair is making a losing fight.

Everything about Famo is better. Everything in it is helpful to the hair—helpful toward a healthy scalp, toward the growth of beautifully glossy, luxuriant hair.

Famo contains not a trace of alcohol, which dries out the natural oil of the hair.

Famo actually postpones the coming of gray hair by keeping the scalp healthy.

Thousands of hair shops testify to the extent of the scourge of Seborrhea.

This appalling sacrifice can be stopped tomorrow by Famo.

Try a bottle today. The first treatment will remove the dandruff.

And you will be amazed at the improvement in your hair after a few applications.

Famo is economical. The dollar size contains a third more than the average.

Begin to use it regularly this very night—continue to use it daily.

Get Famo at any toilet goods counter. In 51 and 35 cent sizes. Applications at the better barber shops.

Seborrhea is the medical name for a morbidly increased flow from the sebaceous glands of the scalp. The seborrhea excretion forms in scales or flakes and is commonly known as dandruff.

From the laboratories of F. A. Thompson & Company, Manufacturing Pharmacists, Detroit, Mich.

FAMO Destroys the Dandruff Bacilli - Retards Grayness

LYMAN HOWE HERE TONIGHT

A remarkable series of motion pictures, showing a complete tour of the vast Bethlehem, Pa., steel plants is a noteworthy feature of Lyman H. Howe's Travel Festival, which comes to the fifth theatre tonight upon its silver jubilee tour.

The Bethlehem tour is complete and was made with the greatest care to give a thorough understanding of the nation's center of the mighty steel industry. Thus, in succession, are presented the great electric cradles which unload strings of big freight cars at one time; the powerful ore cranes with their fifteen ton buckets; the blast furnaces; molten metal running like milk thru troughs to ladles and tanks; the casting of steel pigs; and the making of steel rails, big guns and artillery projectiles. This film shows the first motion pictures ever taken of the inside of a 500 ton blast furnace at

NUXATED IRON Is Used By OVER 3,000,000 PEOPLE ANNUALLY To Help Build Up THEIR HEALTH STRENGTH AND ENDURANCE

Look around at the men and women you meet in a single day. One glance is enough to tell the ones with plenty of rich, red blood, strength and physical energy to back up their mental power and make them a success in whatever they undertake.

Dr. James Francis Sullivan, formerly physician of Bellevue Hospital (Outdoor Dept.), New York, and the Westchester County Hospital, says that to help make strong, keen, red-blooded Americans there is nothing so valuable as organic iron—Nuxated Iron. It often increases the strength and endurance of weak, nervous, run-down people in two weeks' time. It is conservatively estimated that Nuxated Iron is now being used by over three million people annually, and it has been used and endorsed by such men as U. S. Commissioner of Immigration Hon. Anthony Caminetti, also United States Judge G. W. Atkinson, of the Court of Claims of Washington, and others. Nuxated Iron is dispensed by all good druggists everywhere.

Sold by Page & Lorenz and Siegrist & Williams drug stores and all other druggists.

Coshocton County Fair, Oct. 7, 8, 9, 10

Everybody goes to this Great Fair. You will not be disappointed in the Races, Stock Exhibits, etc.

PLANTS

(Continued From Page One)

plants and hurled stones and taunts at a few straggling workers who still remained on duty. They dispersed after the police arrived. No damage or injury was done.

Henry W. Ralston, strike leader in the Cleveland district said 25,000 men were now out in this district. Reports reaching him from Youngstown he said, showed conclusively that the industry there is at a complete stand still with about forty thousand men out.

Reports here showed the strike effective in other of the following Ohio towns.

Martins Ferry—4100 out and three plants closed.

Canton—Six thousand men out and four plants closed.

Massillon—Four thousand men out and four plants closed.

Niles—2100 men out and three big plants closed.

Cambridge—1000 men out and six mills closed.

Staubenville—3000 men out and 4 plants closed.

Mingo Junction—3000 men out and four plants closed.

Bellaire—1000 men out and two plants closed.

THE PANGS OF RHEUMATISM

CANNOT BE RUBBED AWAY WITH LINIMENTS

You who are afflicted with this most painful disease—know from experience just how excruciating its pangs are—get this fact fixed firmly in your mind, and it will aid you in finding a way to complete recovery. Rheumatism cannot be rubbed away with liniments, it pains and pangs cannot be wiped out as if by magic. A disease that is so full of torture and finally renders its victims so helpless as a deep-seated one, it is not on the surface, hence it cannot be reached by external, surface remedies. This is no theory, for your own experience doubtless has shown you that you can never expect to rid yourself of the disease in this way.

For the chances are that you, like thousands of other sufferers, have been misled into the hope that liniments, lotions and other applications would cure your rheumatism. But what has been your experience? The pains possibly have been lessened for the time being, but have they not promptly returned, often with increased severity and are you really any nearer a cure than before? You certainly are not, and you never will be as long as you rely upon treatment that at best is merely a make-shift.

See what Mr. J. L. Agnew, of Mt. Vernon, Ohio, says of what S. S. S. did for his rheumatism:

"For ten years I was badly afflicted with Rheumatism. The pains in my knees, legs and ankles being most unbearable. I tried various remedies without results until a physician advised me to try S. S. S., stating that the disease was in the blood. After taking a few bottles the pains and soreness were greatly lessened. I continued this medicine until all pain, soreness and inflammation were gone, and I was completely cured."

J. L. AGNEW,
606 E. Gambler St.,
Mt. Vernon, Ohio.

This is a typical case, and everyone who has had the slightest experience with rheumatism will continue to suffer and grow worse until they are finally practically helpless, unless they realize that the disease must be combated at its source. Rheumatism is often a diseased condition of the blood, the disease attacks the body through the blood, hence the system can be rid of its pains only after the blood has been cleansed of the germs of the disease.

Lotions, liniments and ointments, applied to the surface may in some cases deaden the pain for the time being, but until you attack the disease at its foundation you are making no progress toward a cure, and you are permitting the trouble to get a firmer hold on your system every day. This is one reason why Rheumatism is usually a permanent disease, staying with its victims year after year. Getting rid of the disease is merely a matter of treating it intelligently, knowing that it cannot be cured by external applications, it is folly to rely upon such treatment.

S. S. S. is without question the most thorough blood medicine ever made, and it cleanses the blood of every impurity and disease germ. That is why it seldom fails to give satisfactory results in even the severest cases of Rheumatism. Being purely vegetable without a particle of mineral or chemical in its composition, it works by eliminating and forcing out of the blood all impurities, acting as a tonic to the entire system at the same time. It has been in use for more than fifty years and thousands of sufferers from rheumatism give it unstinted praise.

You are invited to write our medical department for full information and advice about the treatment of your own case, for which no charge will be made. Address Swift Specific Co., 27 Swift Laboratory, Atlanta, Ga.

WILSON HAPPY AT PACIFIC VICTORY

CALIFORNIA PEOPLE, HE LEARNS, ARE NINE TO ONE FOR THE LEAGUE.

OPPOSE JOHNSON'S VIEWS

Native Sons and Daughters Are For Their Senator as Next White House Chief but Differ From Him in Pact Fight.

[By Mr. Clemens News Bureau]

Aboard President Wilson's Special Train—As he speeds back eastward, on the last lap of his long journey across the land and then down the Pacific coast, President Wilson is happy in the knowledge that the people of California, one of the states about which he was doubtful, because of its senatorial representative, Hiram Johnson, are heart and soul for the league of nations.

California, the president found, are inclined to look upon Mr. Johnson as the next president of the United States. A great number of them have frankly said to those close to Mr. Wilson that, between the president and Senator Johnson, should they oppose each other in 1920 the popular vote of the state would go to Mr. Johnson.

California For League.

"But when it comes to the league of nations, Mr. President, we are with you and against our senator," innumerable Californians of various types, told Mr. Wilson. Republicans, Independents and particularly women voters, declared "Twenty-five out of every hundred persons in this state want the league just as it is, and a good percentage of the people here have informed Senator Johnson of their wishes."

It was regarded as rather significant that, after the president had spent three days in California and had obviously won the hearts of the citizens, Johnson announced that his speaking tour in opposition to the league had been given up and he was going home.

The beautiful city of Los Angeles, where the president spent his week-end, was literally wild with enthusiasm over him. Its welcome outdid anything that had gone before and there had been many warm welcomes elsewhere. He was escorted upon his arrival through 19 miles of crowded streets and through a din of cheers and applause that seemed to intensify as he went along. Flowers were strewn upon every yard of asphalt over which he passed while above his head every few feet flags and banners fluttered in the mild western breeze. From sidewalks to house-tops, every point of vision was occupied and the crowd was voracious. It was estimated that more than 400,000 of the happy residents of the metropolis turned out to see him.

Challenge to Opponents.

There was a challenge, indirect, but nevertheless a challenge, to Senator Johnson and the other opponents of the league in the president's remarks in Los Angeles. He demanded to know what these opponents had to offer in place of the league.

"Much of the argument directed against the league of nations is not based upon reason," he said. "It is a great constructive plan and no man in the presence of the present critical situation of mankind has the right to oppose any constructive plan unless he has a better constructive plan."

I will say now that I am ready to take ship again and carry back to Paris any constructive proposals which appear a sensible and better substitute for those which have been made."

The president pointed out how every part of the league plan was based upon American principles. These principles were not his own, he declared, but were of the sort which had always inspired Americans.

Makes New Point.

In reply to the often repeated words of Washington against "entangling alliances," Mr. Wilson made a new point in his last California address.

"What Washington warned us against," he said, "was exactly what those gentlemen who oppose the league want to lead us back to. The day we have left behind was a day of alliances and the balances of power. Every nation made a partnership with some other nation or group of nations to dominate the weaker portions of the world. This project of the league is a great process of disentanglement, after which alliances will not be needed, except the one great alliance of all the world."

The president quoted from a speech made by the late Willam McKimley the day before his assassination and said Mr. McKimley had had a vision of the coming times, when he delivered the address. Mr. Wilson said "His whole thought was against isolation. His whole thought was that we had become partners with the rest of the world. His whole thought was that the better we knew each other and the closer we drew together, the more certain it would be that the processes of arbitration would be adopted, and that men would not fight, but would talk things over."

Eastward bound, the president's first stop was at Reno, then later at Salt Lake City. After that he had eight more cities to visit before reaching the capital again.

MOB RULES IN OKLAHOMA TOWN

CUSHING, OKLA., Sept. 24.—A mob of 2,000 gathered from three or four counties, early today, was in control of Cushing, a few miles east of here.

Rioting last night that grew out of city officials' alleged interference with a telephone operators' strike resulted in the mayor, the chief of police and one policeman being forced out of town after many shots were fired.

One woman was reported wounded. Policeman Corral was fired upon last night and when John Baxter, armed and struck the rioter who fired, the mob, it is reported, tore down Baxter's barn. Threats against the lives of the city officials and threats to destroy the telephone exchange building were made.

ANOTHER STRIKE

NEW LEXINGTON, O., Sept. 24.—Because the company refused to install a new whistle at the mine, 125 Rose Farm coal miners have gone on a strike.

WHITE SOX IN OUTFIELD FAR OUTSHINE REDS

NEW YORK, Sept. 24.—Gleason has a better trio patrolling his gardens than Moran has.

The outer defense of the White Sox doesn't rank with the greatest of the game, nor has it the smashing attack of the Tiger outfielders. But in Jackson, Felsch, Liebold and J. Collins, the American leaguers have a more formidable array of talent than Rousch, Neale, Magee and Duncan.

As in the case of their infielders where they have a pair that fairly shouts its class, both the Reds and White Sox have in the gardens a bulwark of strength in Rousch and Jackson.

This pair embodies almost the maximum of smashing power with the bat while in Rousch and Felsch there is a pair that is outclassed only by the great Tris Speaker in the range of operations.

The most glaring weakness of Moran's club is in left field. It has bothered the great Moran all season in the last month the problem seemed solved with the arrival of Pat Dun can from the Southern Association. His work has been close to sensational. But it is not sure that Moran will try a green youngster in the big series.

A smashing hitter, the league's leading batter and a fielder who covers acres of ground, Eddie Rousch outclasses Happy Felsch in center-field. He has a fifty point advantage over the White Sox star in batting, has scored more runs, poled out more hits and is faster on the bases.

The afternoon sun which floods the right field of the Cincinnati yard will drive Joe Jackson to left field for the series. Compared to Sherwood Magee he towers in strength over the protector of the Red left garden.

Jackson is having one of his best years, batting around .348 while Magee's stick work amounts to .228. Moran has been testing the veteran for several weeks and he may come back to participate in his first world's series with a new lease on life. Duncan has not only pegged up the hole admirably but he has been somewhat sensational in his work. In 24 games he has batted .246 and proved himself reliable in pinches.

Nemo Liebold and "Shano" Collins both get the call over "Greasy" Neale. Bating only .243 Neale falls behind both Nemo and Collins, who have made their sticks work for .298 and .285 respectively.

The quartette of Reds have stolen 32 bases against 45 for the opponents. In hitting the American leaguers have a unit average of .295, the Reds .261. The White Sox have scored 237 runs, the Reds 147; the Sox fielders have knocked out 462 hits and the Reds 325.

SAYS PRESS AGENTS MUST DIG UP NEWS

NEW ORLEANS, LA., Sept. 24.—Publicity for American corporations is legitimate only when it is based on public interest in the information it contains, it was declared by James I. Clarke, manager of the service department of the National Bank of Commerce in New York, in an address here today before the Financial Advertisers' convention.

When built on this principle it is not only a guide post to clear thinking set up by the public but a contribution to the success of the newspaper that publishes it, Clarke said. "The benefit to the institution whose name becomes an essential part of the news value should rightly be incidental, altho for that very reason more certain, lasting and dignified."

STEEL STRIKERS' OFFICIAL "PANNED" BY CONGRESSMAN

WASHINGTON, Sept. 24.—Wm. Z. Foster, one of the steel strike leaders, was bitterly denounced in the house today by Representative Cooper, of Youngstown, Ohio, who is a member of the Brotherhood of Locomotive Engineers.

Cooper charged that Foster had written in favor of syndicalism and declared by these writing Foster shows his "unfitness as a labor leader and disqualifies himself from the name of an American citizen deserving the protection of the American flag."

"I am wondering why," Cooper said, "the American Federation of Labor, most of whose members are honest, law-abiding citizens permit such a man to take such a prominent part in organizing the steel workers when the federation itself has officially condemned him for the revolutionary agitator that he is."

RETURNS FROM CANTON

Francis Voorhees, who is employed in the chemical department of the United Alloy Steel Company at Canton, O., returned to his home in Coshocton Tuesday night, the plant having been closed down on account of the steel strike.

Original "Yeomen."

The title "Yeoman" is of military origin, and the yeomen were so styled because, besides the weapons fit for close engagement, they fought with arrows and the bow, which was made of "yew," a tree that has more repelling force and elasticity than any other. After the conquest the name of yeoman, as applied to their original office in war, was changed to that of archer.

Famous Name in Boston.

Three Josiah Quincy's have filled the office of mayor of Boston. The first Josiah Quincy to become mayor served six years, from 1823 to 1828, later becoming president of Harvard college. His son, Josiah Quincy, Jr., was mayor for three years, from 1846 to 1849, and he was the grandfather of the Josiah Quincy who was mayor for four years, from 1896 to 1899.

AKRON—William H. Evans, 71, president of the Dime Savings bank here, obtained a marriage license today to wed Miss Grace Slater, 40.

RANSOM'S STYLE SHOW TO BE HELD THURSDAY EVEN'G

An event of more than passing interest will be the fall opening and style show at the Ransom Dry Goods company's store Thursday evening from 7:30 to 9:30 o'clock. Dame Fashion's latest decree in feminine wearing apparel will be shown in all their splendor. The following young ladies will promenade as models displaying the fall fashions in suits, coats, dresses, skirts, blouses, furs and accessories: Misses Twyla Shrigley, Dorothy and Gretchen Dawson, Winifred Abbott, Deulah Rucker and Sarah Fretague. Athey's Jazz band will furnish music throughout the evening and the Dawson Sisters will render vocal selections.

NEW YORK—"You're insane judge; nobody's perfect," admitted Edward Korman, wearing a ring he said the Queen of England gave him. But he had only a dollar in cash and a spectator settled the taxi bill of \$16.00.

SAN FRANCISCO—This town is wondering whether it is in for a long series of bomb outrages. Workmen found 40 sticks of dynamite in an old scaler, but over half of each stick has been eaten by rats.

M'CLURE HEADS LAFAYETTE-TP DRY COMMITTEE

R. A. McClure will head the West Lafayette dries as township chairman as the result of their organization effected Tuesday evening. T. W. Cornell, West Lafayette is assistant chairman. Plans are in progress for a short organization of Lafayette-tp dries on the captain plan, providing a leader for each school district. A meeting to accomplish this will be held Thursday evening, Oct. 2. The meeting will be a public affair and will be conducted along campaign lines.

"Organization work" according to Rev. C. H. Hood, who spoke at the meeting Tuesday night, "is going forward satisfactorily in every township and an intensive campaign will soon be in progress."

COLUMBUS—Following an urgent call from Democratic Senators, Vice President Marshall who addressed delegates of American Insurance Union here yesterday, left late last night for Washington instead of going to Chicago as planned.

Marshall declared the league of nations covenant was sure to be ratified with the peace treaty but that there may be several reservations.
